## DeafBlind Interpreting Module

### Pro-Tactile Resources

PRO-TACTILE-The value of touch for the purposes of communication.

Pro-Tactile communication values the diversity in communication amongst Deaf persons. Some Deaf persons communicate via visual ASL while some communicate via touch. The videos found on [www.protactile.org](http://www.protactile.org) not only provide education they also provide examples of protactile communication.

- <http://www.protactile.org/2016/03/pro-tactile-vlog-1.html>
